**Cologne based artist Intro\_p returns to his own imprint to release three melodic cuts entitled 'Trieb'.**

Intro\_p is an artist who's developed an unconventional musical style in recent years picking up early support from the likes of Laurent Garnier and Severino Panzetta. The formation of his Introp Music imprint follows his move from Malaga to Cologne and his previously run Neovinyl label, as he looks to expand on his experimentation and recent influences. Following on from his first release, Intro\_p maintains his deep, emotive style in 'Trieb' that reflects the sense of losing control, consciously leaving your comfort zone and submitting to the 'unexpected drive'.

'Trieb' kicks things off with gentle modulations, delicate kicks and an alleviating bassline before 'False Memories' delivers healing tones, weaving synth progression and airy pads. 'Trieb (Ambient Mix)' finishes with a beatless cut balanced with euphoric melodies, mellifluous keys and warm ambience.

**Intro\_p 'Trieb' drops on Introp Music on 15<sup>th</sup> March 2019.**
